

We are looking for a **Capital Programme Manager** to join our Projects team.

Reporting to the General Manager - Operations, the primary function of this role is to be responsible for a portfolio of capital and maintenance projects, including providing advice and support, on asset management and future projects and business opportunities.

What will you be doing?

- Develop project execution strategies.
- Programme manage tank, infrastructure and future fuels project design and execution.
- Maintain project controls on cost, schedule and health & safety.
- Manage the Annual Capital Plan including the tank programme.
- Manage the Projects team.

What will you bring?

Minimum 10 years programme management experience leading and managing project managers.

Proven strategic and commercial acumen, along with proven communication skills.

Proven experience working on brown field and green field infrastructure projects.

Demonstrated technical understanding of highly engineered product and the transport and storage of dangerous goods, including understanding of procedures and statutory regulations for the handling of chemicals.

A tertiary engineering qualification.

A little about us

We are an NZX50 listed infrastructure business with a vision to be a world-class energy infrastructure company. Our business supports Aotearoa's tourism and export industry and is well positioned to participate in emerging opportunities to decarbonise Aotearoa.

With highly strategic assets, the business is poised for growth whilst still benefiting from stable, inflation-adjusted earnings and strong cash flow conversion.

Our diverse and inclusive company culture and strong leadership mean our people are engaged and proud to be part of our Channel whānau. Our values are integral to the way we operate – One Team, Care, Honesty and Innovation.

What's in it for you?

- KiwiSaver employer matching contributions up to 5% on top of pay
- Income protection and life insurance cover provided by the Company
- Five days of Company Leave in addition to standard leave entitlements
- Access to Employee Assistance Programme
- Generous Parental Leave provisions

Want to apply?

If this sounds like you, please get in touch with your cover letter and CV. If you would like a copy of the Position Description or more information, please contact Jack Stewart at jack.stewart@channelnz.com. Applications close 5th of September 2024, but we will be reviewing applications as they come in.

We understand that neurodiversity is important for a positive and thriving workplace. Our job is to discover and support your strengths through a recruitment process that ensures psychological safety. If a typical recruitment process doesn't bring out your best, let us know. We want you to shine, not shy away.

Please note that applicants for this position should meet legal requirements to work in Aotearoa. Successful candidates will also be required to complete pre employment background checks.
